### **JCM Global Helps Tribal Operators Succeed at OIGA**

#### ***PromoNet® 2.0, FUZION™ Technology, PixelPro™ Displays Lead JCM's Exhibit in Booth #307***

LAS VEGAS (July 10, 2017) – JCM Global's award-winning portfolio of transaction products are field-proven to help tribal operators increase security and profitability. Now at OIGA 2017, JCM will display a new wave of incredible innovations designed to help tribal enterprises make deeper customer connections.

JCM will be in booth #307 at OIGA, where the company will show:

- The [PromoNet® 2.0](#) floor-wide promotional couponing system that delivers the right promotion to the right guest at the right time
- The transformative [FUZION™](#) technology, which, when combined with JCM's iVIZION® bill validator and GEN5™ printer, has the potential to turn each slot machine into a multi-line profit center
- [PixelPro™](#) displays that unleash operators' video creativity with Cube formations, FLEX panels, and Max displays that allow operators to place incredible displays anywhere they can imagine them

JCM will also show the industry's most sophisticated transaction products, including the iVIZION and UBA® bill validators; the GEN2 Universal™ and GEN5 thermal printers; and the ICB® Intelligent Cash Box, which has been proven to save Oklahoma tribal operators millions of dollars in operating expenses since its market release.

Speaking of JCM's ICB, FireLake Casino General Manager Linda Canada recently said, "In the last 10 years, with ICB we've saved about \$1.2 million in operating costs, and we've added untold amounts of dollars from revenues that would have otherwise been lost in the drop process."
