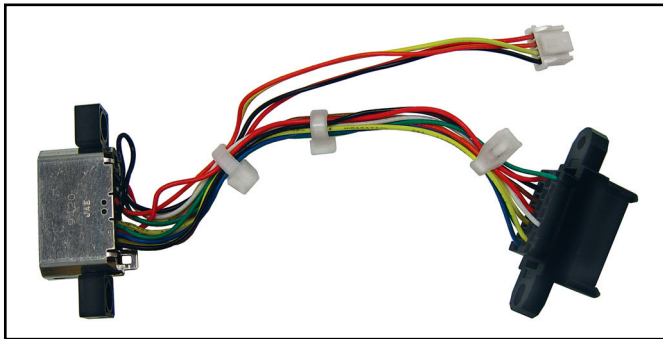

Figure 1 Adapter Harness UBA® to iVIZION® (P/N 40i-000001R)

Part No. 40i-000001R

Description: Adapter Harness UBA® to iVIZION® Connection

Usage: The Adapter Harness UBA to iVIZION Connection (**Figure 1**) provides power and communication to the iVIZION Banknote Acceptor for bench testing and diagnostic testing using an existing UBA Power Supply or a UAC. Using the Basic Driver Application, a full functional test (acceptance and communications) of the iVIZION Unit can be accomplished.

Note: The Adapter Harness is included in the 12VDC Kit, Power Supply iVIZION and UBA (P/N 701-000269R). The Basic Driver Application for ID003 and ID024 protocols can be downloaded from the Support/Downloads/Software Tools section of the JCM website at www.jcmglobal.com.

The Latest JCM Software Listing (shown above) identifies specific software versions that have been released to OEMs. It is the responsibility of the OEM to obtain all required approvals from Gaming Regulators and Jurisdictional Authorities necessary for use of approved software versions. Contact the Game Manufacturer (OEM) for information on specific software releases approved for use within your gaming jurisdiction.

JCM recommends using the latest version for maximum acceptance, security, and performance.

JCM Service Offerings

JCM offers the following services to help keep your JCM Products performing within factory specifications:

FREE REGIONAL TRAINING

Technicians need training, but is time or class availability a problem? JCM Online Training offers classes to meet your schedule and your needs. JCM Online Training Programs feature the same content as JCM On-site Training with the added convenience of flexible scheduling. Visit training.jcmglobal.com for more information or to register for classes.

Technical Bulletin 201808 August 2018

Technical Tip

Question: What is JCM's solution for printing TITO/Coupons on demand?

Answer: The JCM® CouponXpress™ Desktop Printer (**Figure 2**) is a convenient way to bring all of the popular GEN5™ Series Printer features, functions and flexibility from the EGM to a Cashier's Cage, Hotel Front Desk, Unattended Kiosk and other transaction points. The JCM CouponXpress Printer is compatible with traditional gaming protocols and supports USB Communication to enable printing of TITO Tickets and Coupons at various locations throughout the Customer's site.

CouponXpress Printer features include:

- 4 MB of Graphics Memory and 8 MB of Main Memory to support a wide range of clip art objects and graphic templates
- Supported communications include RS-232C or USB 2.0 full-speed (12Mbps) to a PC or a terminal
- All Major 1D and 2D Bar Codes are supported
- Print Resolution is 8 dots/mm (203 dpi)
- Accepts the same thermal paper used on the casino floor

For additional information on JCM Products, visit the JCM Global website at www.jcmglobal.com or contact your local JCM Sales Representative at (800) 683-7248.
