JCM Global Wins Bill Validator Contract at Oxford Casino

LAS VEGAS (April 23, 2012) – JCM Global is continuing a winning streak that began early last year, winning yet another contract for its award-winning iVIZION® bill validator. Now, JCM Global will be installing iVIZION bill validators on all 527 devices at the soon-to-open Oxford Casino in Maine.

“As we were developing Oxford Casino, our goal was to select only the very best products for our customers. As soon as we saw the iVIZION bill validator, we knew that of all the products we had seen, this was the best possible option for our customers,” said Mark Huse, Senior Director of Operations for Oxford Casino.

“We are thrilled to welcome Oxford Casino into the winner’s circle for what we are confident will be a long-term relationship. From California to Maine, casinos of all sizes are catching the ‘VIZION.’ That’s because they understand that the iVIZION bill validator is their best choice today, and thanks to its foundation of intelligent validation, it will continue to be their best choice for years to come,” said JCM Global Vice President of Global Sales Mark Henderson.

Oxford Casino has discovered the iVIZION bill validator is the better, faster, smarter solution for the gaming industry and has forever changed the way the industry sees banknote validation. It is the foundation of intelligent validation and sees better, thinks smarter and runs faster than any comparable product in the industry. iVIZION’s Contact Image Sensor (CIS) Technology captures the full image of a note or ticket, and its 99%+ acceptance rate is unrivaled.

The iVIZION bill validator has the most diligent counterfeit protection, an RFID ICB cashbox with encrypted and web-enabled data, 64 megabit FLASH memory, a self-calibrating sensor package, modular component design, ability to read barcodes horizontally and vertically, two high-speed processors, sealed 85 mm banknote path, patented and proven removable stacker mechanism, “Blind Mate” and “Hot Swap” design and complete compatibility with all gaming protocols.

About Oxford Casino

Oxford Casino is a new gaming destination in Oxford, Maine. Currently under construction, Oxford Casino will provide world-class gaming through more than 500 slot machines and a dozen table games. The casino facility on Route 26 in Oxford is scheduled to open in early summer 2012. Maine voters approved the construction of this casino in Oxford County in November 2010, after a statewide referendum process. Oxford Casino will generate hundreds of new jobs and millions of dollars in tax revenue for the state of Maine. More information is available online at www.oxfordcasino.com.
