Spain's Casino Kursaal Names JCM Global its Preferred Bill Validator Supplier

DUSSELDORF, Germany (21 March 2014) – Spanish operator Casino Kursaal has named JCM Global, the gaming industry's leading transaction technologies supplier, its preferred bill validator supplier.

Casino Kursaal, located in San Sebastian, Spain, has used JCM's award-winning WBA® and UBA® bill validators in the past, along with other competitors' products. Now they have recently completed a successful four-week long test of the JCM's award-winning iVIZION® bill validator, after which the casino named JCM its preferred supplier, and the casino will now exclusively use iVIZION.

Casino Kursaal General Manager Mr. Lander Letemendia said, "We have used validation equipment from several companies in the past, and we were very impressed with JCM's iVIZION during the test period. We are moving forward, confident that iVIZION will help us continue to evolve our casino operations."

"Casino Kursaal is one of Spain's most important casinos, and we are honored and humbled to have been chosen as the casino's exclusive bill validator supplier," said JCM EMEA General Manager Payam Zadeh. "Across Europe and around the world, operators and integrators are discovering the power of iVIZION's foundation of intelligent validation, and we are committed to building on that foundation well into the future."

iVIZION sees better, thinks smarter and validates faster than any competitive product. Its 99%+ acceptance rate, anti-counterfeit detection and anti-stringing protection are unsurpassed.
