

Notification No.:	20081114	Revision: 1.0	Page: 1 of 2
Release Date:	Nov 14, 2008		
Notification Status:	<input checked="" type="checkbox"/> Advisory	<input type="checkbox"/> Mandatory	<input type="checkbox"/> Announcement
Classification:	<input type="checkbox"/> Firmware	<input checked="" type="checkbox"/> Hardware	<input type="checkbox"/> Policy/Procedure
Description:	UBA Frame Modification Retrofit		
Hardware:	UBA all models		
Interface:	n/a	Check Sum: n/a	
Firmware Version(s):	n/a	CRC (seed = 0000): n/a	

Conditions:

JCM Engineering has identified a condition where excessive forceful insertion of a cashbox into a UBA frame can cause damage to the TR stand.

Resolution:

JCM Engineering has developed a retrofit kit for the frame used in the UBA units (Kit UBA Frame Retrofit, P/N 701-100090R). The frame modification consists of two ramps that attach to the frame (Refer to Figure 1). These ramps support and align the cashbox when it is inserted into the frame. (Refer to Figure 2)

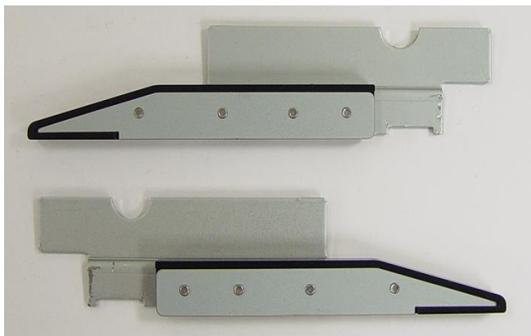

Figure 1

Figure 2

JCM is requesting any customers who currently have UBA units with TR stand damage to contact your local JCM sales representative or JCM customer service.
