Parts are Parts

Part No. 501-000180R

Description: JCM Waffletechnology® Cleaning Card

Usage: The Waffletechnology Cleaning System brings cleaning into the realm of automation. The Cleaning Card has special cutouts that are recognized by the Sensor package, which identify the Cleaning Card and trigger an automated cleaning cycle.

Note: The Cleaning Mode Software is active in all JCM UBA and WBA Validators. When the Cleaning Card is inserted, it instructs the Validator to make several passes of its Waffles over the Sensor Lenses, Rollers, and Belts. Additionally, it removes Bill Path contaminants from within the Validator.

Use of the JCM Cleaning Card enhances the property's preventative maintenance procedures and improves banknote acceptance, increasing customer satisfaction.

Save Time and Labor with JCM's Latest Intelligent Cash Box System

The ICB® (Intelligent Cash Box) system is a unique cash management system that allows the operator to track a Cash Box and its contents through the entire cash process. The ICB system eliminates the need for dedicating Cash Boxes to specific machines, or putting bar code identification labels on the Cash Boxes. The Cash Boxes are tracked electronically, eliminating most variance issues, and with the custom reports provided to each department, accuracy and efficiency are greatly improved.

FREE REGIONAL TRAINING

Give your technicians the tools they need to keep your customers happy and your equipment running at peak efficiency.

Technical Bulletin 201308 August 2013

Technical Tips

Question: What is the JCM® Certification Program?

Answer: JCM Technical Training has completed an extensive audit to ensure compliance with International Association of Continuing Education and Training (IACET) standards for quality training programs. IACET Compliance standards include requirements for enhancing JCM Product Certifications, with the criteria including a thorough knowledge of the product and a passing grade on an extensive examination.

In accordance with JCM's commitment to continuous product improvement, JCM Certification issued under the new JCM Certification Program remains valid for a period of one (1) year from date of issue, to allow for changes to JCM products as conditions warrant. Because JCM Certified Technicians are recognized as trained professionals who possess a high degree of JCM product knowledge, those individuals who currently possess JCM certification will be grandfathered into the JCM Certification Program until June 13, 2014.

For additional information, contact your local JCM Sales Representative at (800) 683-7248.

Note: "JCM American Corp. has been accredited as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 1760 Old Meadow Road, Suite 500, McLean, VA 22102; (703) 506-3275."
