The JCM web site provides the tools you need, including the software information database with DIP switch information, our photo parts catalog, online ordering form, repair service, and more.

Parts are Parts

WBA Spacer Location

Part No. 900-100419R

Description: WBA Transport Spacer

Usage: The transport spacer mounts on the top left side of the WBA Transport. It is intended to decrease the tolerance between the Cash Box, Stacker and Transport gears ensuring proper alignment.

Note: JCM Engineering has identified a field issue on machines equipped with the WBA unit with the Plastic Cash Box installed. It is possible that the Plastic Cash Box will not align properly with the gears in the WBA frame. This alignment issue can cause a gear skipping noise to occur and prevent proper bill stacking. Please contact your JCM representative for availability of this new spacer solution.

The list of JCM bill validator software provided herein notifies customers of the latest versions developed. However, the listing does not identify versions approved by gaming jurisdictional authorities for actual use. Customers should consult JCM's Parts Sales departments concerning approved versions for jurisdictions of intended use.

Save Time and Labor with JCM's Intelligent Cash Box System

The ICB[®] (Intelligent Cash Box) system is a unique cash management system that allows the operator to track a cash box and its contents through the entire cash process. The ICB system eliminates the need for dedicating cash boxes to specific machines, or putting barcode identification labels on the cash boxes. The cash boxes are tracked electronically eliminating most variance issues, and with the custom reports provided to each department, accuracy and efficiency is greatly improved.

FREE REGIONAL TRAINING

Give your technicians the tools they need to keep your customers happy and your equipment running at peak efficiency.

Technical Bulletin 200611 November 2006

Technical Tips

Question: Where and when is Global Gaming Expo 2006?

Answer: The show this year will be held November 14 through 16 at the Las Vegas Convention Center and we encourage you to stop by Booth # 2057 to see JCM's latest innovations in casino cash handling solutions.

Featured products will include:

- Trident TableSafe System — demonstrations of currency validation at a table game; accompanied by live-table and shift-reporting pit capabilities
- Premier technology in ticket printers featuring the TransAct Epic 950
- Tovis video monitors representing visual quality and a full line of component options.

Expo 2006 Logo

JCM has become the first gaming company to have their training department earn International Association for Continuing Education and Training certification. Students that successfully complete this program and receive certification will be eligible for Continuing Education Unit credit acceptable at many colleges and universities toward a technical degree.

With focus on Casino Technical Staff and Product Training, JCM is proud to participate in this gaming industry first. These classes will be offered at G2E Wednesday and Thursday of the show. Contact your local JCM Representative for more information.
